- SPCA Selangor was established in 1958 with the aim of protecting animals and birds and alleviating suffering.
- The SPCA is an NGO and therefore receives no government funding, relying entirely on donations from the public and local businesses to pay for its work.
- The SPCA's Animal Home at Ampang Jaya rehomes unwanted animals and has kennel space for 200 dogs and 150 cats. Animals are brought to the home by their owners who no longer want them, by our inspector rescuing animals from cruelty, or by concerned members of the public who rescue animals from their community.
- The SPCA would like to work in partnership with the people of Malaysia to ensure that they take responsibility to neuter their pets, give them adequate food, space, exercise, care and medical attention, and to be considerate neighbours.
