

The Cat

If you were a cat you would want ...

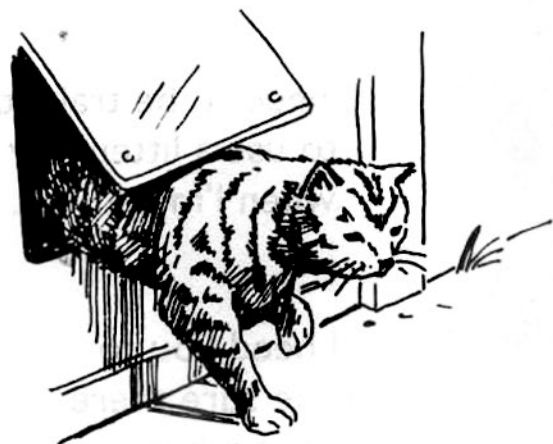

1 To have cat food every day, with fresh water to drink all the time.

2 To have somewhere warm and cosy to sleep by yourself.

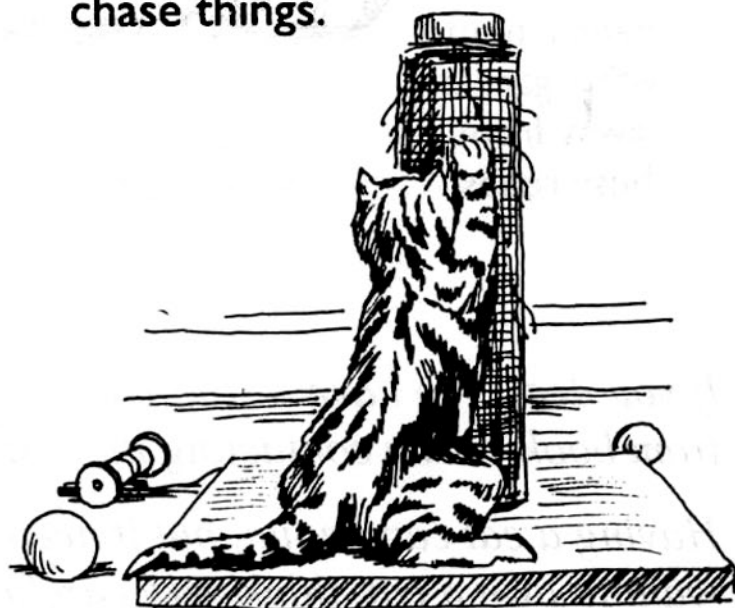

3 To have a cat-flap so you can run in and out when you want.

4 To run and jump about and chase things.

5 To have a scratching post to sharpen your claws and toys to play with.

6 To have your coat brushed to keep it clean and healthy. Cats with long hair need this done every day.

I need you to look after me for all my life.
