AN INTEGRATED ANIMAL WELFARE ORGANISATION
Patron’s Message

The Animal Welfare Act 2015 was announced by Agriculture and Agro-based Industry Minister Datuk Seri Ahmad Shabery Cheek on 18 July 2017, and I applaud this much awaited Act aimed at fostering more responsible pet ownership as well as compassion towards animals among Malaysians. The Animal Welfare Act 2015 requires all pet owners to be fully responsible for the well-being of the animals under their care, which includes proper lodging, healthcare and diet.

The Minister also strongly highlighted and warned that under this Act, those who are found guilty of abusing animals will face court action and significant fines. Those who are found guilty of abusing animals will face court action and significant fines.

I am pleased to hear that the Minister also established the Animal Welfare Board which is made up of his senior ministry officials, the Department of Veterinary Services, the Fisheries Department, the Wildlife Department, ministry officials, the Department of Agriculture and Agro-industry officials.

The Animal Welfare Act 2015 will provide protection for our companion animals. It is a step in the right direction towards the humane treatment of animals. The Act will also provide legal protection to those who are involved in animal welfare work.

I hope that the Act will be enforced strictly and that those who are found guilty of animal cruelty will face serious consequences.

Chairman’s Message

When I stepped into SPCA 27 years ago, I had no idea of the miserable plight of strays in Malaysia. Little did I know that this was a calling, a desperate call for compassion and kindness from the strays and abandoned companion animals.

SPCA worked very diligently to lobby for legislation for the humane treatment of animals. In July 2015, the Parliament passed Malaysia’s first Animal Welfare Act (AWA 2015) that promotes education and responsible pet ownership. Animal abusers will be fined RM 25,000 -100,000 -- a great improvement on the previous fine of RM200! I am happy to announce that I have been elected to serve on the National Animal Welfare Board.

Along the way, I met kind people from all walks of life -- rescuing, rehabilitating and rehoming strays. In March 2017, Stray Free Malaysia the Humane and Compassionate Way (SF) was launched by the Royal Patron of SFS, the beautiful and compassionate Tan Sri Lee Lam Thye, SPCA Selangor.

All this work is done by a very dedicated team at SPCA. I want to specially thank Tan Sri Lee Lam Thye, SPCA Selangor Patron for using his formidable network to push for the AWA 2015, Ms Nancy Lee and Ms Terry Foo for their creative fundraising endeavours that raise much-needed funds. Our devoted Staff continue to improve the lives of animals by working tirelessly on our 6 Pillars - Adoption Centre, Spay/Neuter Program, Inspectorate, Government Lobbying and Campaigning, Education and Outreach, and MissionHELP.

Thank you and may the Year of The Dog be a wonderful year for SPCA Selangor and all of you!

Christine Chin
Chairman, SPCA Selangor

Christine Chin
Chairman, SPCA Selangor
2017 saw a reduction in surrenders and 495 kittens, puppies, cats and dogs adopted into good homes.

**FOOD & FUNDS**

The E.R.A. Centre uses a mix of commercial dry pellets, canned soft foods and cooked meat and rice for our dogs and cats. We continue to do so as we feel the extra effort is warranted -- both to ensure the new arrivals continue to consume their meals, and in view of the diversity of food that potential adopters may feed to their newly adopted pets. Food donations continue to come in, both for Centre use and for our Food Bank that provides pet food rations to community feeders and rescuers.

**SERVICES**

SPCA Selangor receives requests for help daily via e-mail, calls, and social media -- many asking us to accommodate unwanted pets and strays. It is a sad truth that the number of ‘discards’ far outweighs the number of homes that are available. It is unrealistic to expect SPCA to accept all these excess animals because of limited resources, but we try our best to accommodate requests when space is available.

We strive to stay connected with issues and concerns of the Malaysian public, and hope that 2018 will bring about positive changes for animal welfare in Malaysia.

EDUCATION, REHABILITATION & ADOPTION

YEAR 2017 SAW A REDUCTION IN THE NUMBER OF SURRENDERS, AND 495 KITTENS, PUPPIES, CATS AND DOGS ADOPTED INTO LOVING HOMES. PUPPIES AND KITTENS MAKE UP MORE THAN 70% OF THE TOTAL SURRENDERED; THIS IMPLIES THERE IS A BOOMING STRAY POPULATION IN OUR MIDST AND THAT EFFORTS OF THE COMMUNITY NEED TO BE DOUBLED, IF WE ARE TO SEE ANY PROGRESS.
STRAY FREE SELANGOR
THE HUMANE & COMPASSIONATE WAY

The stray animals of Selangor are blessed with the support and participation of our beloved DYMM Tengku Permaisuri Selangor Tengku Permaisuri Norashikin, who has kindly consented to be the Royal Patron for Stray Free Selangor (SFS) – The Humane And Compassionate Way. Selangor will be the first state in Malaysia to work towards an effective yet compassionate stray control programme.

SFS LAUNCH
SFS was launched in March 2017, at a ceremony at the Shah Alam Convention Centre. The launch was graced by DYMM Sultan Sharafuddin Idris Shah Alhaj Ibni Almarhum Sultan Salahuddin Abdul Aziz Shah Alhaj, DYMM Tengku Permaisuri Selangor Tengku Permaisuri Norashikin, DYTM Raja Muda Selangor Tengku Amir Shah ibni Sultan Sharafuddin Idris Shah, YAB Dato’ Sri Mohamed Azmin Bin Ali (Menteri Besar Selangor) and Tan Sri Lee Lam Thye (SPCA Selangor’s Patron).

VISION
SFS has a vision of a home/habitat for every soul, focusing on Humane Education, High Volume Spay/Neuter, and Government Lobbying for humane, effective and sustainable ways to curb stray populations.

The current preferred stray control method of Catch-And-Kill practiced by all Municipal Councils in Malaysia in an effort to reduce strays has proven to be highly ineffective, inhumane, unethical and expensive. In its place, the action plan of SFS comprises:

Humane Education
Responsible Pet Ownership (RPO), DogCare Programs and CatCare Programs are being offered in schools, universities and residential communities.

High Volume Spay/Neuter
SPCA seeks to collaborate with Municipal Councils, the Department of Veterinary Services, private vets, rescuers and NGOs to achieve high/spay neuter rates in communities and promote better animal welfare standards.

Government Lobbying
SPCA lobbies the government for the welfare of community animals, habitats for spayed/neutered non-aggressive stray dogs and spayed/neutered cat colonies, mandatory spay/neuter and mandatory RPO seminars for dog owners.

NEUTERING SUBSIDY
An SFS fund has been created to provide subsidised spay/neuter for rescuers and the low-income group to assist in spaying and neutering their pet animals. A total of RM150,000 was donated by generous and compassionate individuals and companies.

All applications for the neutering subsidy must be done via SPCA Selangor, and the voucher issued will be accepted at panel vets for a 50% discount for dog neutering and an 80% discount for cat neutering. Animal rescuers, feeders and low-income pet owners can apply for the subsidy via an online form on SPCA’s website, at SPCA Selangor’s office or at the many roadshows and events we participate in.

COMPASSIONATE COMMUNITIES
We are also working to create Caring and Compassionate Communities (CCC) for Safe Zones where spayed/neutered non-aggressive stray dogs and spayed/neutered cat colonies can live their life free from misery and capture. The CCC will be guided by SPCA guidelines in communities that are interested to embrace the Caring and Compassionate concept. Feeders must be educated on being responsible feeders by catching the strays they feed and spay/neuter them with our subsidized vouchers.

Find out more about Stray Free Selangor, drop us a line at strayfreeselangor@spca.org.my!
SPCA’s Education programme promotes animal welfare education — creating awareness and organising activities to enable participants to be better acquainted with local and international animal welfare issues.

VISITS TO SPCA

We welcome individuals and groups all year round. A visit to the SPCA Selangor E.R.A Centre enables students and other volunteers to have a hands-on experience caring for the centre animals, sowing the seeds of compassion and volunteerism in them. Many schools, institutes of higher learning and corporations also visit SPCA Selangor as part of their community service programs. All volunteers are required to attend our Pet Care Programme (PCP) to equip them with the skills and knowledge they need to care for our animals. SPCA staff also assist students on their assignments and projects related to the organization or animal welfare in general.

Training Seminar for NEUC

As we continue to raise compassion towards stray populations within our communities, we do our utmost to encourage groups to be part of this mission. One such instance was our collaboration with a student group from New Era University College, one of several educational institutions in Selangor whose students voluntarily choose to focus their project on stray causes. For their Public Relations Planning course, they planned to conduct talks on understanding stray dogs through a series of road shows and exhibitions. They sought our support for training to better understand animal welfare issues and standards, to which we happily obliged, hosting an educational seminar to equip them with the necessary knowledge.

Visit by the Shah Alam Buddhist Society

Our animal shelter is capable of accommodating a reasonable number of visiting groups at a time, whether for the PCP volunteer training sessions or to host animal welfare education visits. On one occasion, we welcomed a group of kids and adults of the Sunday Dharma class from the Shah Alam Buddhist Society for a day of learning. As part of their ‘Adopt Don’t Shop’ study course, they asked if the SPCA Selangor could tailor a learning experience of appropriate handling and behaviour toward animals for individuals with no prior experience. Of course, this was right down the alley of the kinds of experience we strive to provide and engender. The day was filled with all the necessities and excitement provided by our attending education officers and volunteers.

REACHING OUT

SPCA Selangor is frequently invited to conduct educational programs in kindergartens, schools, colleges and offices. Our officers conduct educational presentations and activities at various schools, colleges and events every year.

Puppy Therapy Sessions at Monash University’s Wellness Week

Hanging out and being surrounded by animals can be a very calming, therapeutic experience. We were approached by a student committee from Monash University to help with organizing Puppy Therapy sessions as part of their Wellness Week, where students are given opportunities to take part in stress release activities and workshops on campus during particularly high-stress academic periods. We were more than willing to assist with such a thoughtful and responsible event, and so on two occasions we brought over 10 of our most sociable, friendly puppies (vaccinated) for the students to kick back with for a day during their free time.

Social Change Makers Conference 2017 at International School of Kuala Lumpur (ISKL) Melawati

SPCA Selangor regularly gets invited to give educational talks on animal welfare and stray related issues by a number of different organizations. For example, we received an invitation from ISKL, Melawati Elementary School to participate in their annual ‘Social Change Makers Conference’ event. It was a day for their grade 5 students to be exposed to social issues and people who make a positive difference in the local community. Invited alongside other reputable individuals and organizations our representing education officer spoke at length about the importance of responsible pet care and treatment of stray animals to various classes of receptive students. Their collective enthusiasm was so much so that, after being informed of practical ways to get started as advocates for animals, many expressed particular interest.

Interested in finding out more about our education programmes? Drop us a line at education@spca.org.my!

Our Education program promotes animal welfare education, awareness and activities to enable participants to be better acquainted with animal welfare issues.

2017 Statistics

| 1,460 | Participants in SPCA Educational Activities |
| 824 | PCP and PCP Jr. participants |
| 75 | PCP and PCP Jr. sessions conducted |
| 490 | Participants in SPCA Animal Welfare awareness talks |

INSPECTORATE

The inspectorate has had yet another busy year; improving on procedures, evidence gathering, as well as improving communications and working relationships with Government Departments and other animal welfare NGO’s.

Our Animal Inspector responds to reports from concerned members of the public of mistreated or neglected animals in and around the Klang Valley. From January to December 2017, we had received and checked on more than 584 reports - the increasing number and the nature of the complaints received reflect increasing public awareness and concern for animal welfare. SPCA investigates the complaints, and will advice the owner on proper pet care. We will follow up on the case in the following weeks, and failure to improve the standard of living for the animal will result in the case being forwarded to the Department of Veterinary Services (DVS) for their attention and action. In severe or emergency situations, the DVS is notified immediately and a joint-rescue is instigated.

With the rise of the popularity of social media, sighting of cruelty cases is becoming easier. Along with the increased public awareness of animal welfare in general, our society is more vigilant when it comes to animal rescues as well. We’d like to advise the public to stay safe, and be responsible when it comes to rescuing injured animals.

GOVERNMENT LOBBYING

The Animal Welfare Act (AWA) 2015 was implemented in July 2017. SPCA Selangor Chairman Christine Chin was appointed to the Animal Welfare Consultative Committee under the Department of Veterinary Services (Ministry of Agriculture). SPCA Selangor is very excited that this national appointment has further propelled SPCA Selangor’s position as a credible and effective advocate for the better treatment of animals in Malaysia.

The AWA 2015 is a transformative legislation. Section 24 highlights embracing the five freedoms:
1. Freedom from Hunger and Thirst
2. Freedom from Discomfort
3. Freedom from Pain, Injury or Disease
4. Freedom to express Normal Behaviour
5. Freedom from Fear and Distress

Any owners who violate Section 24 will be charged RM15,000 – RM75,000 and/or 3 years jail. Section 29 highlights all cruelty acts and any abuser charged will be subject to RM 25,000 - RM100,000 fine and/or 3 years jail.

SPCA met with the Prime Minister’s Office (PMO) in August, highlighting our Stray Free Selangor (SFS) model to reduce stray animals in communities, the humane and compassionate way SPCA hopes that the PMO will promote Stray Free Malaysia, a much-desired achievement.

THANK YOU’S

SPCA would like to thank members of the public who had taken the initiative to report cruelty cases. Our sincere thanks and appreciation to the Department of Veterinary Services for their invaluable advice and close cooperation with us through the years. Despite the lack of resources, SPCA Selangor is committed to being a voice for the voiceless. Alone, we can’t achieve much – but together, we can make all the difference for our Malaysian animals.

Government Lobbying

584
Cases reported from January - December 2017

430
Cases were related to improper caging/leashing of dogs

64
Cases of physical abuse (beating, kicking, etc)

49
New cases reported on average each month

Thank you’s

Our sincere thanks and appreciation to the Department of Veterinary Services for their invaluable advice and close cooperation with us through the years. Despite the lack of resources, SPCA Selangor is committed to being a voice for the voiceless. Alone, we can’t achieve much – but together, we can make all the difference for our Malaysian animals.
FUNDRAISING

Thank you to all the kind individuals, schools, companies and organisations who have helped us raise much-needed funds so we can continue to carry out our operations, services and activities!

WEI LING GALLERY

We would like to thank Wei Ling Gallery and Buro 24/7 Malaysia who organised a charity auction of 11 Bubble Glasses created by local artists in a tribute to Corum’s Bubble watch. The auction was a fun and rousing affair as the art collectors tried to outbid each other, resulting in a total of RM156,500 being raised. A big thank you to the donors and artists!

CHERAS LEISURE MALL & CRAYOLA MALAYSIA

Cheras Leisure Mall and Crayola Malaysia collaborated to organise the ‘Biggest Mosaic Made Of Crayons’ listed on the Malaysia Book of Records and Guinness World Records. The beautiful giant mosaic made with 3 tonnes of recycled crayons measured 10.28m by 6.97m, and was created by 2,270 mini mosaics made by 2,000 children and adults. The proceeds from the event totalling RM45,000 was donated to SPCA. We would like to thank the organisers for helping us raise much-needed funds so we can continue to carry out our operations, services and activities!

Fundraising projects organised by schools and universities

Events

Animal welfare can be fun, too! SPCA Selangor organised fun and educational events in 2017 to promote kindness towards animals.

WORLD ANIMAL DAY 2017

On 30th September 2017, we hosted a World Animal Day celebration at our premises, graced by our Royal Patron DYMM Tengku Permaisuri Norsashihin. Highlights of the event included SPCA Selangor Appreciation Awards, pet yoga, a K9-unit demonstration, SPCA dog training demonstration, and the unveiling of a new cattery area by Tengku Permaisuri Norashihin. There were also F&B vendors, adventure park playtime for dogs, as well as Puppy Pawty and Kitty Therapy sessions!

SWEET SINGLES PAWTY

In conjunction with Valentine’s Day, our volunteers organised a meet-and-mingle for sweet singles in SPCA, hoping to match people with loving furry companions! It was supported by celebrity bloggers and social media influencers like Zoey Phoon, Scott Rais, Rachael Chin, Vanessa Becht and Gueena May. Highlights included games, puppy playtime, and an Instagram photo contest. Many thanks to the volunteers, influencers, photographers and attendees for making this event a success!

PUPPY & KITTY PAWTY

On the 3rd Saturday each month, we organised Puppy & Kitty Pawties specially for children 2-12 years old. Activities included puppy/kitten handling demos, play-time with kittens and puppies, Dog Bite Prevention demo, basic puppy obedience tips, and a tour of the E.R.A. Centre. Light snacks and beverages were provided, and the kids learnt many new things in a fun environment!

We also had many children choosing to celebrate their Birthday Pawties here too -- bringing their friends and family to our centre for a rolling good time! With cake, performances, games, and kittens/puppy playtime, they enjoyed every moment with their loved ones. SPCA welcomes bookings for parties all-year round, we hope you will decide to have yours here next!

CAMPAIGNS & ACTIVITIES

OUTREACH EVENTS

Our team is always on the move -- setting up merchandise and adoption booths as well as conducting educational activities at events. We are always looking forward to new opportunities to collaborate with schools, universities, companies and event organisers to get our message out there!

Stay up to date with our campaigns and activities by following us on facebook.com/SPCASelangor

ANTI-CAT AND DOG EATING PETITION

In June, in light of media reports that the demand for cat/dog meat was increasing and becoming a lucrative business for unscrupulous individuals, we started an online petition to urge the Malaysian authorities and the Department of Veterinary Services (DVS) to take action and enact a law against the eating of cats and dogs. The petition has more than 11,800 signatures to date.

FOSTERING

Fostering gives animals that need extra care a higher chance to survive, and in general all animals a higher chance to find a forever home. In SPCA Selangor, we receive very young, ill and non-sociable animals from time to time. These animals need a lot of care before they are healthy and safe to be adopted -- usually between 2 weeks to 2 months. We are very grateful to have an active group of reliable and caring fosterers, who go out of their way to nurture and rehabilitate young, sick, injured and timid animals who arrive at our doorstep. Here’s to growing this network further in 2018!

DOMESTIC ANIMAL TRAINING

In June, we started a basic dog obedience training course. The 4-week course included humane training methods and Q & A sessions, in small groups of up to 8 dogs and owners. All classes are conducted by Moses, our resident dog trainer who is highly-skilled and experienced. There are two groups -- one for puppies aged 3-8 months, and the other for puppies/dogs 8 months and older. We hope that puppy/dog owners will have a better understanding of their pet via this course, and that it will lead to a happier pet and home!

Fostering gives animals that need extra care a higher chance to survive, and in general all animals a higher chance to find a forever home. In SPCA Selangor, we receive very young, ill and non-sociable animals from time to time. These animals need a lot of care before they are healthy and safe to be adopted -- usually between 2 weeks to 2 months. We are very grateful to have an active group of reliable and caring fosterers, who go out of their way to nurture and rehabilitate young, sick, injured and timid animals who arrive at our doorstep. Here’s to growing this network further in 2018!

CAMPAIGNS & ACTIVITIES

OUTREACH EVENTS

Our team is always on the move -- setting up merchandise and adoption booths as well as conducting educational activities at events. We are always looking forward to new opportunities to collaborate with schools, universities, companies and event organisers to get our message out there!

These animals need a lot of care before they are healthy and safe to be adopted -- usually between 2 weeks to 2 months. We are very grateful to have an active group of reliable and caring fosterers, who go out of their way to nurture and rehabilitate young, sick, injured and timid animals who arrive at our doorstep. Here’s to growing this network further in 2018!

ANTI-CAT AND DOG EATING PETITION

In June, in light of media reports that the demand for cat/dog meat was increasing and becoming a lucrative business for unscrupulous individuals, we started an online petition to urge the Malaysian authorities and the Department of Veterinary Services (DVS) to take action and enact a law against the eating of cats and dogs. The petition has more than 11,800 signatures to date.
